COPPERINGS. Joe Cavello, an old hand around the smelting furnace here, left this morning for San Francisco.

Mr. O'Flinn, the gentleman who takes charge of the Arizons and South Eastern Railroad between Benson and Fairbank, also came is for the purpose of taking the Punishment degree at the Masonic banquet this evening.

Mr. A. L. Grow of Tombstone, same in on the train this evening. We understand that his visit is due to some eavy Masonia business which is to come off this evening. We don't Soda water, Sarsaparilla, Sarsaparilla and know much about the facide workings of the Masons but the ability to punish a banquet is one of the most necessry acquirements of a good member of the Bisbee lodge.

> Mesers, Posteroy and John Hill went out on the train this morning in charge of the body of Frank Robson, an accont of whose death was publised at the time he was killed. While it is and to think of losing one so useful in life, faithful and loving to his family and brave and trustworthy in the public service, it is a pleasant reflection to know that he was thoughtful of the future of those he leved, and had made provision for their comfort after be had passed away. Mr. Robson was a member of the A O. U. W. and has left hie family \$2,000 in each, which they will receive as soon as proof of his death is made to the lodge authorities, without litigation or vertious

Just as the train was about to pull out this morning a gentleman, unknown to us but possessed of a highly inflated jag, staggered into the ticket office and called for a ticket. As the party was left yesterday morning under exactly the same conditions : number of bystanders told him to get on the train and pay the conductor. was boarded at once by the party in question sesisted by a number of friends. He managed to get his entire jag into the train but left his trunk standing on the platform at the depet. It will probably remain there for some time as no one knew where the old fellow was going, and it was the general opinion that he didn't know himself.
